EXPERIENCE

Centre of Excellence in iOS App Development

Alliance University

January 2025— June 2025

- Developed iOS application prototypes using Swift and Xcode as part of Centre of Excellence program
- Integrated Firebase for authentication and real-time data storage
- Collaborated with a team to design UI/UX flows and deploy functional mobile apps

TECHNICAL SKILLS

Programming Languages: Python, Swift

Mobile Application Development: iOS App Development, Flutter App Development

Database & Backend: MySQL, Firebase

Tools/Platforms: Power BI, XCode, VS Code, Excel

PROJECTS

1. Mymedicare – Swift, Firebase, Xcode, Cloudinary

- Developed a healthcare mobile application with medication reminders and remote consultation features
- Integrated Firebase for user authentication and real-time data storage

2. Velish – Flutter, PostgreSQL, Node.js, Cloudinary

- Built a digital food ordering application for universities, replacing manual and paper-based systems
- Enabled seamless order placement, tracking, and backend data management

3. Alliance Alumni Connect - Swift, Firebase, Xcode, Cloudinary

- Developed a native iOS alumni association platform using Swift and Firebase to connect alumni, students, and the institution

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering, Data Analytics

Alliance University, Bengaluru

Year of Graduation: 2026

CGPA: 8.1

12th Grade (Intermediate)

Amaravathi jr. college, Anantapur

Year: 2022

Percentage: 76%

10th Grade (SSC)

PCMR EM School, Nagaluru

Year: 2020

Percentage: 100%

CERTIFICATIONS

1. App Development with Swift Certified User - Apple - [2025](#)

2. Power BI for Business Professionals – Infosys – [2025](#)

3. Azure Ai Fundamentals - Microsoft - [2025](#)

ACHIEVEMENTS

1. Winner of Application Hackathon – Alliance University – 2025

2. Winner of Tackathon for Smart India Hackathon – Alliance University - 2025

3. Runner-up in Cultural events held during Alliance 2.0 - 2024
